## PROFILE

I recently finished KodeGo's Full Stack Web Development Bootcamp and gained knowledge of several different technologies, I feel most at ease working with ReactJS, Bootstrap 5, NodeJS, and MySQL. Additionally, I appreciate the importance of working as a team to achieve an agreed-upon objective.

## WORK EXPERIENCE

### DRIVE TEST ENGINEER

Southern Digital Technology

Aug 2021 - Jan 2022

- Systematically carried out the intended task to meet the daily quota.
- Adapted to an unfamiliar work environment, was punctual, and exhibited professionalism toward coworkers.

## PROJECT EXPERIENCE

### KODEGO CAPSTONE

Kodebook (Social Media Platform)

Jan 2023

<https://kodebook.tristanviernes.com/>

- Tech Stack: React JS, Bootstrap, Node JS, MySQL, Namecheap, and 3rd party API.
- Provided code for front-end, back-end, and database structure and queries.
- Collaborated with a team to build the website from scratch.

## CERTIFICATION

### FULL-STACK WEB DEVELOPMENT BOOTCAMP
